

Mr. Holly, in response to your letters concerning the various reports, our responses are detailed below.

October Quarterly Report

UPSPAC

Our records indicate that the aggregate total we have reported is correct. You have previously inquired about our aggregate totals from UPSPAC going back to 2009. We have attempted to correct the record previously. To finally clarify the record I have included our list of contributions from UPSPAC. See below. It appears that due to software issues some of the contributions have not itemized on our previous reports. We have addressed this concern internally and will catch this issue in the future.

2009-1010 UPSPAC Contributions (all contributions itemized on reports unless otherwise noted).

6/12/09 1,000.00

9/1/09 200.00

9/1/09 334.40 (originally reported on 2009 Q3-2nd amendment)

9/1/09 825.00 (originally reported on 2009 Q3-2nd amendment)

9/1/09 640.60

9/22/09 500.00

6/17/10 459.59 (included in our aggregate total but not itemized on report)

6/17/10 1,040.41

9/29/10 500.00

10/18/10 2,000.00

10/20/10 2,500.00

Total 10,000

American Council of Life Insurance (48 Hour Report)

Our records indicate that we failed to file a 48-hour report for the \$2,000 contribution received on 7/26/2010. This amount was reported on our October report. The Committee has procedures for tracking and reporting this information and will remedy this going forward.

12-Day Pre-General Report

Best Efforts

Our process for obtaining employer and occupation information from contributors is as follows:

1. All solicitations include the necessary disclaimers and request the information required in 11 CFR 104.7(b)(1).
2. If the information is not provided we follow up, within 30 days of the contribution being received, with a phone call and/or an email to each contributor that did not provide the necessary information.
3. If the contributor provides us with additional detail we amend our report to include it. If the contributor does not provide additional detail we either report the information they originally provided to or denote the employer occupation lines with "information requested."

30 Day Post-General Report

Post-general contributions.

The contributions in question were either dated for the general election and have been properly reported as being for that election or were intended to be for the 2012 election. We have corrected our reports to reflect that they are designated to the appropriate race.

Column B Totals

The totals have been amended and corrected.

UPSPAC

See response above.

48 Hour Reports

Our 48-hour reports were correct. Note that Elger O'Brien and Jerry O'Brien are the same person.

We reported Tunica-Biloxi Tribe of LA on our report for \$1000 and filed a 48-hour report. See FILING FEC-513934, Image# 10931774958.

48 Hour Report- Patrick Alexander

\$600 of the contribution in question was attributed to Mr. Alexander's wife, and properly reported.
